

Graduate Certificate in Particle Technology

Graduate Program Requirements

Open to qualifying:

- Graduate Students
- Undergraduate Students
- Engineering Professionals

Requires 9 credits - three 3-credit courses

Courses are transferrable into
undergrad or graduate programs

Graduate Certificate Courses

**Core Course: CHEG608 - Introduction to
Particle Technology**

Elective Courses: (choose 2)

- CHEG670 - Particle Rate Processes
- CHEG671 - Particle Transport
- CHEG672 - Mathematics of Particle Systems
- CHEG673 - Particle Properties & Characterization

Apply Now

Students and professionals may gain
admittance to the program by:

- Applying at:
[http://www.che.udel.edu/
grad/mept/GradCertPT.html](http://www.che.udel.edu/grad/mept/GradCertPT.html)
- Submitting a transcript for
approval by the Assistant Dean/
Director of Engineering Outreach
