

19-22 October 2009

4th INTERNATIONAL CONFERENCE ON SURFACES

COATINGS AND NANOSTRUCTURED MATERIALS

www.nanosmat2009.com

NanoSMat 2009 Rome, Italy

The host city of the 4th NanoSMat conference will be - Rome, Italy. The event will take place during **19-22 October 2009**.

As with the NanoSMat meetings in 2005, 2007 and 2008, NanoSMat-2009 will foster the gathering of talented people from the world for the exchange of ideas and information. The conference will thereby provide a platform for interaction between researchers, scientists and engineers from industry, research laboratories and academia, and it will feature state-of-the-art developments in all aspects of processing, characterisation and applications of nanostructured materials.

A major purpose of the NanoSMat conference is to foster collaborations among scientists, engineers, researchers and industrialists, and thus to stimulate future technological developments. There will be ample opportunity for conference delegates to network in a friendly and supportive environment.

The success of a technology becomes especially apparent when it is translated from a laboratory curiosity into economic development and wealth creation. Every endeavour will be made to stimulate and promote the discovery, development, and commercialisation of advanced nanoscale materials and new applications in the evergreen field of surface and coatings technologies.

The event will also host an exhibition and offer several short educational courses relating to nano-scale and nanostructured materials.

We hope that you will be able to join us for what promises to be an exciting meeting, both scientifically and culturally, and we look forward to seeing you in Rome!

Dr. Nasar Ali
NanoSMat Chairman

Symposia:

- CARBON NANOSTRUCTURED MATERIALS
- SURFACE SCIENCE & ENGINEERING: FROM BULK TO NANO-SCALE
- NANOTECHNOLOGICAL APPROACHES, NANOMATERIALS AND THIN FILMS FOR ENERGY TECHNOLOGIES
- NANOMEDICINE & NANOBIO TECHNOLOGY

Keynote/Invited:

1. **Professor J. D. Hosson**
University of Groningen,
Netherlands
2. **Dr Bin Zhu**
Royal Institute of
Technology (KTH),
Sweden

More will be added soon...

Abstract Submission Deadline

30 JUNE 2009
