

6-8 APRIL 2011

# Med@Tel

LUXEMBOURG  
BY ISFTEH

THE INTERNATIONAL eHEALTH, TELEMEDICINE AND  
HEALTH ICT FORUM

For Education, Networking and Business

Med-e-Tel is the meeting place with a proven potential for Education, Networking and Business among a global audience of medical and care professionals, healthcare institutions, patient organizations, industry representatives, researchers, educators and government agencies.

Attend the vast Med-e-Tel conference program and learn from experience built up around the world. Medical professionals can benefit from up to 18 hours of CME credits.

Meet with healthcare and industry stakeholders and expand your network.

See the solutions and technology at work in the Med-e-Tel expo and get a better view on the potential behind Telemedicine and eHealth tools.
