

Workshop «Forest Fires: Fuel mapping in the Mediterranean countries»

LIFE10 ENV/GR/617 ArcFUEL

Wednesday, 18 December 2013 (09:00-16:00)

AGENDA

09:00 – 10:00	REGISTRATION
10:00 – 10:30	Prof. Marc Bonazountas & Mr. Alkis Astyakopoulos (EPSILON INTERNATIONAL SA): “The ArcFUEL project: the idea and the main prospects”
10:30 – 11:00	Prof. Ioannis Gitas (AUTH): “Forest fuel classification and mapping at large scale in Mediterranean Area”
11:00 – 11:30	Mr. George Eftichidis (ALGOSYSTEMS SA): “The ArcFUEL methodology for the collection of the ground truth data, results achieved in Greece”
11:30 – 12:00	Mr. Luis-Mario Ribeiro (ADAI): “ArcFUEL mapping in Portugal and fire simulation”
12:00 – 12:30	Mr. Giacomo Martirano (EPSILON ITALIA Srl): “ArcFUEL and INSPIRE”
12:30 – 13:00	Dr. Ana Sebastian (GMV SAU): “Results of the ArcFUEL methodology achieved in Southern Spain”
13:00 – 14:00	LUNCH
14:00 – 14:30	Dr. David Caballero (METEOGRID): “Ground truth survey in Spain”
14:30 – 15:00	Dr. Pavlos Konstantinidis (FOREST RESEARCH INSTITUTE OF THESSALONIKI) “Use of new technologies in forest fire protection plans and fuel mapping in the Forest Research Institute of Thessaloniki”
15:00 – 15:30	Dr. Nikos Grammalidis (INFORMATION TECHNOLOGIES INSTITUTE) “Research on remote sensing and detection/management of forest fires in the Information Technologies Institute: research projects FIRESENSE, BIOSOS και OUTLAND”
15:30 – 16:00	Round Table
16:00	END OF THE EVENT
