International Swine Flu Conference

Washington, DC

Show you care. Meet your planning deadlines. Engage staff & suppliers and learn how to work with community, state & federal agencies to survive & recover from a pandemic.

**Know How To Respond**
Recognize problems earlier. Make the right decision faster.

**Plan To Continue**
Maintain cash flow and work flow. Keep the learning process alive.

Top leaders and key decision-makers of major companies representing a broad range of industries will meet with distinguished scientists, public health officials, law enforcers, first responders, and other experts to discuss pandemic prevention, preparedness, response and recovery at the 1st International Swine Flu Summit.

At the summit, attendees will be able to draw on first-hand best practices to create the solid business continuity plans that their companies and organizations need in order to prepare for, respond to, and survive a pandemic.

The summit draws on the success of the seven previous Bird Flu summits which featured as speakers several distinguished personalities such as Dr. David Nabarro, the United Nations Coordinator for Avian and Human Influenza, Alex Thiermann of the World Organization for Animal Health (OIE) and Dr. Wenqing Zhang of the WHO Epidemic and Pandemic Alert and Response.

Well-known emergency responders, heads of hospitals from around the world, and hog/swine industry leaders will speak in this summit.

**Topics Include**
- Mass Fatality Management Planning
- Country Report & Situations Update
- Surveillance and Data Management
- Preparing Communities Strategies; Local Partnership and Participation
- Delivery of Vaccine and Antiviral Medication
- National Pandemic Influenza Medical Countermeasure
- Socio-Economic Impact on Hog/Swine Industry
- Benefit-Risk Assessment: Public Health, Industry and Regulatory Perspectives
- Prevention Education Efforts and Risk Communication
- Command, Control and Management
- Emergency Response Management
- Business-Based Planning
- School-Based Planning
- Community-Based Planning

**ISFC 09**
Will feature comprehensive agenda packed with breakout sessions- more than 15 in all.

**How to Plan**
Make everyone a stakeholder. Spell out roles and responsibilities

**Protect Your Community**
Know your resources. Test them against your toughest scenarios.

**Concurrent Breakout Session #1**
**Mass Fatality Management Planning**
- Develop and maintain plans, procedures, programs, and systems
- Develop and implement training and exercise programs
- Direct fatality management tactical operations
- Activate fatality management operations
- Conduct morgue operations
- Manage ante-mortem data
- Conduct final disposition

**Concurrent Breakout Session #2**
**Business Continuity Planning**
- Allocate resources to protect your employees & customers during a pandemic
- Find out which business risks are insured
- Ensure safe travel during the pandemic
- Identify when to reduce or even close operations

**Concurrent Breakout Session #3**
**Continuity of Operations (COOP) and Continuity of Government Planning**
- When 50% or more of employees are out sick or taking care of their sick ones
- When H1N1 flu pandemic unfold in two or three successive waves in a calendar year
- Disruptions to public, private and critical infrastructure undermining your essentials functions

**Concurrent Breakout Session #4**
**Emergency Management Services**
- Prioritize antivirals & personal protective equipment for essential workforce
- Overcome reduced response capacity caused by mechanical failure & a possible 30-40 percent drop in staff, to maintain continuous operations
- Protect the emergency management response operations center
- Manage interruptions in food, fuel & essentials supply chains & establish stockpiles
- Manage panic caused by sudden disruption of services & interruptions in essential goods & services
Concurrent Breakout Sessions to choose from...

Breakout 1: Mass Fatality Management Planning
Breakout 2: Business Continuity Planning
Breakout 3: Continuity of Operations (COOP) and Continuity of Government Planning
Breakout 4: Emergency Management Services
Breakout 5: Law Enforcement Agencies
Breakout 6: First Responders: Fire Department
Breakout 7: First Responders: Public Works
Breakout 8: 911 Call Center Services
Breakout 9: Hospital and Emergency Medical Services
Breakout 10: Workplace Planning
Breakout 11: School/University Pandemic Planning
Breakout 12: Airlines, Travel, Airport, Quarantine and Border Health Services
Breakout 13: Infectious Medical Waste
Breakout 14: Swine Flu: Agriculture Perspective & Interventions and many more....

Concurrent Breakout Session #6
First Responders: Fire Department
• Protect fire department first responders from falling ill & from being hurt in civil disturbances
• Continue to respond to routine fire outbreaks while responding to pandemic-related calls
• Effectively transition into All-Hazards Incident Management Responders
• Effectively undertake mass vaccinations
• Enforce quarantines

Concurrent Breakout Session #7
First Responders: Public Works
• Protect public works first responders from falling ill or being hurt in civil disturbances
• Control traffic, evacuation & mass transportation
• Ensure the minimal delivery of clean water & sanitation services
• Ensure the stability of vital communications networks
• Overcome an overwhelmed telecommunications network caused by a surge in telework employees, homebound calls, & the increased search for public services

Concurrent Breakout Session #8
911 Call Center Services
• Effectively manage the 911 call center during the crisis
• Develop call center surge capacity
• Secure call center operations
• Anticipate technical problems
• Ensure that frequent, honest & reliable information is released to the public

Concurrent Breakout Session #9
Hospital and Emergency Medical Services
• Prioritize the use of antivirals for the essential workforce
• Anticipate interruptions in food, fuel and essentials supply chains & establish stockpiles
• Plan for reduced response capacity due to mechanical failure & lack of personnel
• Maintain continuous operations during a pandemic
• Plan for 30-40 percent drop in labor force
• Protect the emergency operations center

Concurrent Breakout Session #10
Workplace Planning
• Effectively work with 30-40 percent less employees. Account for your employees.
• Establish remote offices & flexible work plans; identify the business functions that can be outsourced.
• Secure your workplaces.
• Train your workers to screen for symptoms & know what to do when workers fall ill.
