## MoDeSt Society

The **MoDeSt Society** was founded in 1999. The pivotal objective of the Society is to promote scientific understanding and technical innovation in the modification, degradation and stabilization of polymers, without however excluding all other aspects of Polymer Science & Technology. It dynamically consists of a valuable forum for the worldwide community of polymer engineers and scientists, stimulating common projects and justify state-of-the-art knowledge diffusion.

## MoDeSt 2010

The 6<sup>th</sup> International Conference on Modification, Degradation and Stabilization of Polymers will be held in Athens, GREECE, from 5-9 September 2010.

This biannual Conference is open to all scientists and engineers conducting research or interested in the field of polymers. The attendance of both academic and industry professionals is strongly encouraged so as to promote collaborations and interactions in advancing polymer science and technology.

## Venue

The conference will be held at the Titania Hotel, which is situated in the heart of the historical and commercial center of Athens:  
52, Panepistimiou St. 106 78, Athens  
Web site: [www.titania.gr](http://www.titania.gr)

## Conference Topics

The program will consist of plenary lectures, invited lectures, oral and poster presentations.

- Polymer modification, processing, degradation, stabilization and characterization
- Advances in nanotechnology: Nanostructured polymer materials, nanoparticles and composites, nanotoxicology
- Polymers and the environment: Reuse, recycling and valorization of polymer wastes/Barrier properties, polymers in conservation
- Advances in bio-related polymers: Polymers from renewable sources, bio-polymers and biodegradable polymers
- New textile fibres and fibre-composites for innovative applications

## Deadlines

Call for papers: December 1, 2009  
Deadline for papers submission: May 15, 2010  
Notification of acceptance: June 15, 2010

## Accommodation

All attendees are responsible for their own lodging and travel arrangements. However, the organizing committee has made every effort to secure the best possible group nightly room rate for all the participants at the Titania Hotel.
