

Special Issue:

“UBIOCHEM-III: Sustainable production of fuels/energy, materials and chemicals from biomass”

The authors of all accepted contributions (either oral or poster presentations) in UBIOCHEM-III, the third Workshop of COST Action CM0903, which will take place in Thessaloniki, Greece, on 1-3 November 2012, will be invited to submit full papers of their presentations to “Catalysis Today” via the on-line Elsevier Editorial System (EES). The tentative opening date for submissions will be **November 10th, 2012** and the submission deadline will be **December 31st, 2012**. The URL for “Catalysis Today” is: <http://ees.elsevier.com/cattod/> (login as “Author”). Guidelines for preparing the manuscript can be found at the journal’s website (in the “Guide for authors”). All submitted manuscripts will be handled according to the standard peer-review process of the Journal.
