RENEWABLE EUROPE

Intelligent energy production and consumption will change the European energy landscape forever.

EU-CAMPAIGN "SUSTAINABLE ENERGY EUROPE 2005-2008"

RENEXPO® Central & South-East Europe is the only trade fair and congress in the region which takes part in this campaign which aims to raise public awareness of renewable energy and energy efficiency.

THE CONGRESS

Strategic Congress for Future Applications of Renewable Energy

For the 3-day congress, 600 leading representatives from the sector will discuss legal and financing questions, the latest technologies and their application, future market development, and implementation strategies.

ENJOY LIFE HUNGARIAN STYLE

Join a festive reception including a Danube Boat Tour or a "Hungarian Party" with Goulash and traditional Hungarian music.

BUDAPEST: METROPOLIS OF THE DANUBE

Budapest, with its 1.7 million inhabitants, is the principal political, economical and cultural centre of Hungary and the region, as well as the seventh largest city in the EU. All major European cities can be reached within three hours by plane.
