Call for papers

ISD2013 CALL FOR PAPERS

The 22nd International Conference on Information Systems Development (ISD2013) will be hosted by Escuela Técnica de Ingeniería Informática, Seville University, Spain. The evolution of information system development was clearly important in the last years. Research groups and universities have worked in proposing new methods, techniques and tools to improve this activity. In the enterprise environment, the necessity of suitable solutions is every day more necessary. Although a big improvement was incorporate in the enterprise environment, the real application of efficient methods is not a real practice. Information system development continues being too artisanal and most of suitable solutions offering from the academics community are not applied.

ISD2013 is oriented to present ideas, works and tools that help to the real improvement of information system development in companies, enriching them with research results. The book is oriented to improve the gap between academics results and enterprise application.

ISD 2013 calls for original, unpublished submissions in English and these must be made via the [ISD 2013 submission system \(EasyChair\)](#). Information on paper submission format and the review processes are available on the formatting and submission [details pages](#).

All papers will be initially checked and those that fail to comply with the submission format will be automatically rejected. All submissions that are compliant will then undergo a peer review process. All papers accepted will be published in the regular conference proceedings by Springer.

The conference will be organized around the following conference tracks, focusing on both established and emergent areas of ISD research:

- ✓ Model-driven Engineering in ISD
- ✓ Intelligent Business Process Management
- ✓ Cloud Computing
- ✓ Methodologies for Design within Complex Environments
- ✓ General

CALL FOR PAPERS IMPORTANT DATES

Paper submission deadline:	1st May, 2013
Notification of paper acceptance:	15th June, 2013
Submission of final paper:	1st July, 2013
