

Seventh epsos

Conference

Plants for a Greening Economy

Porto Heli (Peloponnese), Greece

1 - 4 September 2013

Topics

Regulatory networks in plants
Plant response and adaptation to biotic stresses, to abiotic stress, to low resource availability
Climate change – the mitigating role of plants
Global food security – sufficiency and affordability – nutritional quality and safety
Plant breeding and sustainability
Plant driven bioeconomy – bioenergy, biofuels, molecular farming, biomaterials
Plant evolution – biodiversity and ecosystems
Science policy – plant science and agriculture
Two dedicated poster sessions

Side events

Please contact us to hold your project/network, meeting or side-event

Confirmed chairs and speakers are:

Eva-Mari Aro, Jose-Pio Beltran, Philip Benfey, Malcolm Bennett, Ton Bisseling, Marc de Block, Alain Charcosset, Jan Delcour, Xinnian Dong, Matthias Erb, Eckhard George, Jean-Christophe Glaszmann, Wilhelm Gruissem, Jacek Hennig, Heribert Hirt, Jonathan Jones, Angela Karp, Sandy Knapp, Mauricio A. Lopes, Cathie Martin, Karin Metzloff, Maurice Moloney, John Mundy, Rodomiro Ortiz, Bruce Osborne, Javier Paz-Ares, Merja Penttilä, Christophe Plomion, Marcel Prins, Edward Rybicki, Uli Schurr, George Skaracis, Gregory Staphanopoulos, Chiara Tonelli, Athanasios Tsaftaris, Alina-Stefania Ujupan, Rens Voesebeck, Olivier Voinnet, Tom Whitham, Dan Yakir, Kazuko Yamaguchi-Shinozaki and Jian-Kang Zhu

Coordinators: Karin Metzloff, EPSO and George Skaracis, Univ. of Athens, Greece
